

DARYA PODSKREBALINA

Frontend Developer

podskrebalina.d@hotmail.com [whatsapp](#), [telegram](#): 7 747 8500537

Experience working in web design studios has improved my attention to detail and developed a love for creating intuitive, attractive and interactive interfaces. I strive to apply my creative skills in development and bring fresh ideas to team projects.

In my free time, I am interested in studying user experience optimization. Independence, passion for planning, open communications are the foundation of my personality.
